Original articles

Influence of folic acid on birthweight and growth of the erythroblastotic infant	
I. Birthweight. Gillian Gandy and W. Jacobson	1
II. Growth during the first year. Gillian Gandy and W. Jacobson	7
III. Effect of folic acid supplementation. Gillian Gandy and W. Jacobson	16
Fibrosing alveolitis in infancy and childhood. C. J. Hewitt, D. Hull, and Jean W. Keeling	22
Natural history of Hartnup disease. Bridget Wilcken, J. S. Yu, and D. A. Brown	38
Absorption and endogenous faecal excretion of calcium by low birthweight infants on feeds with varying contents of calcium and phosphate. D. Barltrop, R. H. Mole, and Alice Sutton	41
Urinary and faecal excretion of marker calcium (^{45}Ca) by low birthweight infants. Alice Sutton, R. H. Mole, and D. Barltrop	50
Peritoneal dialysis in children: review of 8 years' experience. Ruth E. Day and R. H. R. White	56
Evaluation of a new mineral and trace metal supplement for use with synthetic diets. Margaret S. Lawson, Barbara E. Clayton, H. T. Delves, and J. D. Mitchell	62
Milk bolus obstruction in the neonate. C. T. Lewis, J. A. S. Dickson, and V. A. J. Swain	68
<i>Short reports</i>	
Myelomonocytic leukaemia with a preleukaemic syndrome and Ph^1 chromosome in monozygotic twins. Eva Svach and E. de la Torre	72
Use of simple duodenal capsule to study upper intestinal microflora. M. Gracey, Suharjono, and Sunoto	74
Hepatic dysfunction in association with pancreatic insufficiency and cyclical neutropenia: Shwachman-Diamond syndrome. M. J. Brueton, J. Mavromichalis, Mary C. Goodchild, and Charlotte M. Anderson	76
Differences in subcutaneous fat in breast- and formula-fed infants. J. R. Oakley	79
Neonatal Society	81
Correspondence	82
Book reviews	84

No. 2. FEBRUARY 1977

The James Spence Medal	85
<i>Annotation</i>	
Early detection of congenital hypothyroidism. R. MacFaul and D. B. Grant	87
<i>Original articles</i>	
Serum thyrotrophin determination on day 5 of life as screening procedure for congenital hypothyroidism. F. Delange, Monique Camus, Marianne Winkler, Josée Dodion, and A.-M. Ermans	89
Prognosis for infants weighing 1000 g or less at birth. Ann L. Stewart, Diane M. Turcan, Grace Rawlings, and E. O. R. Reynolds	97
Velocity of head growth during the perinatal period. M. Fujimura and J. Seryu	105
Factors which influence the timing of maximum growth rate of the head in low birthweight infants. M. Fujimura	113
The tall girl: prediction of mature height and management. M. L. Colle, H. Alperin, and R. B. Greenblatt	118
Choledochal cyst in infancy and childhood: analysis of 16 cases. A. Kobayashi and Y. Ohbe	121
Viruses and febrile convulsions. M. J. Stokes, M. A. P. S. Downham, J. K. G. Webb, Joyce McQuillin, and P. S. Gardner	129
Infantile spasms and early immunization against whooping cough: Danish survey from 1970 to 1975. J. C. Melchior	134
Myocardial changes in immature infants requiring prolonged ventilation. D. J. deSa	138
Polypoidal organization of aspirated amniotic squamous debris (amion nodosum) in middle-ear cavity of newborn infants. D. J. deSa	148
<i>Short reports</i>	
Relapsing <i>E. coli</i> K1 antigen meningitis in a newborn. P. J. Helms	152
Cutaneous and hepatic haemangiomas. Diana Robinson and G. Hambleton	155
Powder aspiration in children: report of 2 cases. J. Pfenninger and V. D'Apuzzo	157
Pyogenic meningitis in chronic gastroenteritis and marasmus. G. P. Wyatt and J. C. Marcus	159
Correspondence	163
Book reviews	166

No. 3. MARCH 1977

Original articles

Clinical and biochemical assessment of a modified evaporated milk for infant feeding. N. R. Belton, F. Cockburn, J. O. Forfar, M. M. Giles, J. Kirkwood, J. Smith, D. Thistlethwaite, T. L. Turner, and E. M. Wilkinson ..	167
Neurological sequelae in children surviving mechanical ventilation in the neonatal period. K. J. Marriage and Pamela A. Davies ..	176
Timing of intraventricular haemorrhage. P. Emerson, M. Fujimura, P. Howat, D. Howes, J. Keeling, R. O. Robinson, D. Salisbury, and J. P. M. Tizard ..	183
Role of routine investigations in children presenting with their first febrile convulsion. N. Rutter and O. R. C. Smales ..	188
Spontaneous fits after convulsions with fever. Sheila J. Wallace ..	192
Aetiology of idiopathic growth hormone deficiency in England and Wales. R. J. Rona and J. M. Tanner ..	197
Long-term management of abetalipoproteinaemia: possible role for vitamin E. D. P. R. Muller, June K. Lloyd, and A. C. Bird ..	209
Outcome in congenital stridor (laryngomalacia) P. F. McSwiney, N. P. C. Cavanagh, and P. Languth ..	215
Correlation of cord bilirubin levels with hyperbilirubinaemia in ABO incompatibility. H. M. Risemberg, E. Mazzi, M. G. MacDonald, M. Peralta, and F. Heldrich ..	219
Assessment of total body fat in infancy from skinfold thickness measurements. M. J. Dauncey, Gillian Gandy, and D. Gairdner ..	223
Duodenal bacterial flora in early stages of transient monosaccharide intolerance in infants. Anne M. Kilby, Jean M. Dolby, Pauline Honour, and J. A. Walker-Smith ..	228
Oral treatment of subacute bacterial endocarditis in children. B. Phillips and G. H. Watson ..	235
Referees 1976 ..	238

Short reports

Neonatal hypocalcaemia after intrauterine exposure to anticonvulsant drugs. Birgitte Friis and H. Sardemann ..	239
Pure oestrogen-secreting feminizing adrenocortical adenoma. E. Bhattay and F. Bonnici ..	241
Wilms's tumour, hypospadias, and cryptorchidism in twins. Jane V. Bond ..	243
Serial studies of numbers of circulating T and B lymphocytes in children with acute lymphoblastic leukaemia. M. M. Reid, A. W. Craft, and J. A. Todd ..	245
Correspondence ..	248

No. 4. APRIL 1977

Original articles

Congenital chloride diarrhoea: clinical analysis of 21 Finnish patients. C. Holmberg, J. Perheentupa, K. Launiala, and N. Hallman ..	255
Rachitic respiratory distress in small preterm infants. J. F. T. Glasgow and P. S. Thomas ..	268
Persistent ductus arteriosus complicating the respiratory distress syndrome. R. W. A. Jones and D. Pickering ..	274
Respiratory function after repair of congenital diaphragmatic hernia. L. I. Landau, P. D. Phelan, G. L. Gillam, E. Coombs, and H. R. Noble ..	282
Standards for skinfold thickness in British newborn infants. J. R. Oakley, R. J. Parsons, and A. G. L. Whitelaw ..	287
Endocrine and metabolic response in the human newborn to first feed of breast milk. A. Aynsley-Green, S. R. Bloom, D. H. Williamson, and R. C. Turner ..	291
Adequacy of expressed breast milk for early growth of preterm infants. D. P. Davies ..	296
Pharmacokinetic observations of phenytoin disposition in the newborn and young infant. P. M. Loughnan, A. Greenwald, W. W. Purton, J. V. Aranda, G. Watters, and A. H. Neims ..	302
Immunological disorders and malignancies in five young brothers. D. T. Purtilo, J. A. Riordan, D. DeFlorio, J. P. S. Yang, P. Sun, and G. Vawter ..	310
Treatment of pneumocystis carinii pneumonia in children. A. Lipson, W. C. Marshall, and A. R. Hayward ..	314
Comparative study of group A and group C meningococcal infection. L. G. Evans-Jones, H. C. Whittle, I. I. Onyewotu, L. J. Egler, and B. M. Greenwood ..	320

Short reports

Controlled trial of antenatal barbiturates in rhesus haemolytic disease. S. H. Towers and G. P. McMullin ..	324
The stomach in malnutrition. M. Gracey, G. J. Cullity, Suharjono, and Sunoto ..	325
Phenylketonuria masked by low protein feeds. D. Burman, J. Holton, and J. Allen ..	328
Conservative treatment of a BCG osteomyelitis of the femur. M. Pauker, M. Seelenfreund, and G. Morain ..	330
Symptomatic sinus arrest in a young girl. D. Young and R. E. Eisenberg ..	331
Neonatal Society ..	335
Correspondence ..	336
Book reviews ..	339

Annotation

Heterozygote advantage. J. H. Edwards	343
---	-----

Original articles

Evaluation of children with ventricular arrhythmias. Dorothy J. Radford, T. Izukawa, and R. D. Rowe	345
Perinatal cytomegalovirus infection in man. Mærja-Liisa Granström, P. Leinikki, Pirkko Santavuori, and O. Pettay	354
Studies of the aetiology of neonatal hepatitis and biliary atresia. D. M. Danks, P. E. Campbell, I. Jack, J. Rogers, and A. L. Smith	360
Prognosis of babies with neonatal hepatitis. D. M. Danks, P. E. Campbell, A. L. Smith, and J. Rogers	368
Controlled trial of continuous positive airway pressure given by face mask for hyaline membrane disease. L. P. Allen, E. O. R. Reynolds, R. P. A. Rivers, P. N. le Souëf, and P. D. Wimberley	373
Apnoea induced by airflow obstruction. A. D. Milner, R. A. Saunders, and I. E. Hopkin	379
Congenital abnormalities associated with extrahepatic portal hypertension. M. Odièvre, G. Pigé, and D. Alagille	383
Serotonin metabolism in cystic fibrosis. M. W. Partington and A. C. Ferguson	386
Errors arising through using the Harvard tables and percentage levels of median weight-for-age in assessing nutritional status. P. A. Sykes	391
Growth charts, 'curative' or 'preventive'? D. Morley	395
Neurological abnormalities in congenital amaurosis of Leber: review of 30 cases. M. J. Vaizey, M. D. Sanders, K. C. Wybar, and J. Wilson	399
Chronic lymphoglandular enlargement and toxoplasmosis in children. T. Thomaidis, K. Anastasea-Vlachou, C. Mandalenaki-Lambrou, C. Theodoridis, and E. Vrahnou	403
Tinidazole in treatment of amoebic liver abscess in children. J. N. Scragg and E. M. Proctor	408

Short reports

Congenital absence of islets of Langerhans. J. A. Dodge and K. M. Laurence	411
Measurements of systolic blood pressure in the preterm baby by the transcutaneous Doppler method. J. A. Kuzemko, S. Hircok, S. Fisher, J. Gashes, and L. Wells	413
Congenital oesophageal stenosis. D. Valerio, P. F. Jones, and A. M. Stewart	414
Lack of effect of phototherapy on plasma cyclic-AMP in newborn infants. A. Constantopoulos, K. Karaboula, and N. Matsaniotis	416
Leptospirosis presenting with erythema nodosum. J. M. H. Buckler	418
European Society for Paediatric Nephrology	420
Paediatric Research Society	426
Correspondence	430
Book reviews	432

Original articles

Histiocytosis X: follow-up of 43 cases. D. G. Sims	433
Pulmonary involvement with cytomegalovirus infections in children. S. D. Smith, C. T. Cho, N. Brahmacharya, and M. F. Lenahan	441
Intraventricular haemorrhage in the preterm infant without hyaline membrane disease. J. S. Wigglesworth, P. A. Davies, I. H. Keith, and S. A. Slade	447
Neonatal records and the computer. C. H. M. Walker	452
Controlled trial of azathioprine in treatment of steroid-responsive nephrotic syndrome of childhood. T. M. Barratt, J. S. Cameron, C. Chantler, R. Counahan, C. S. Ogg, and J. F. Soothill	462
1,25-Dihydroxycholecalciferol in renal osteodystrophy: epiphyseolysis-anticonvulsant therapy. A. M. Pierides, H. A. Ellis, H. Dellagrammatikas, J. E. Scott, and A. W. Norman	464
Renal osteodystrophy in nondialysed adolescents: long-term treatment with 1 α -hydroxycholecalciferol. J. A. Kanis, R. G. Henderson, G. Heynen, J. G. G. Ledingham, R. G. G. Russell, R. Smith, and R. J. Walton	473
Aetiology of acute gastroenteritis in infancy and early childhood in southern India. P. P. Maiya, S. M. Pereira, M. Mathan, P. Bhat, M. J. Albert, and S. J. Baker	482
Beclomethasone dipropionate aerosol in treatment of perennial allergic rhinitis in children. S. C. Shore and E. G. Weinberg	486

Personal practice

Total management of thalassaemia major. B. Modell	489
---	-----

Short reports

Acute bacterial meningitis in childhood: aspects of prehospital care in 687 cases. M. J. Goldacre	501
Neonatal vaccination with 'universal strength' BCG vaccine. B. Heyworth and Brenda M. Mullinger	503
Primary hyperparathyroidism in a child: use of jugular venous catheterization in diagnosis. P. D. Gluckman, R. S. Ferguson, D. Osborne, and M. Evans	504
Duodenal intubation with secretin stimulus for diagnosis of giardiasis. E. Sagaró, E. Blanco, T. Fragoso, and C. Castañeda	505
Bacterial colonization of infants raised in incubators and under radiant heaters. C. T. Chang, L. Glass, H. E. Evans, and Sophie H. Pierog	507
Scottish Paediatric Society	510
Paediatric Pathology Society and Developmental Pathology Society	512
Correspondence	518
Book reviews	521

No. 7. JULY 1977

James Spence Medallist, 1977	523
--------------------------------------	-----

Original articles

Retrospective study of intellectual development in children treated for acute lymphoblastic leukaemia. Christine Eiser and R. Lansdown	525
Prognostic significance of radiological bone involvement in childhood acute lymphoblastic leukaemia. G. Masera, V. Carnelli, M. Ferrari, M. Recchia, and F. Bellini	530
Cardiovascular effects of apnoea in preterm infants. C. N. Storrs	534
Single-step gastric aspirate shake test: bedside predictor of neonatal pulmonary morbidity. A. K. Tanswell, Elizabeth Sherwin, and B. T. Smith	541
Alterations in blood pressure during exchange transfusion. J. V. Aranda and A. Y. Sweet	545
Bucolome in prevention of hyperbilirubinaemia in preterm infants. G. Segni, G. Polidori, and C. Romagnoli	549
Intramuscular salbutamol in treatment of acute exacerbations of childhood asthma. Patricia Thompson and M. Friedman	551
Deafness after bacterial meningitis. Heather Jeffery, June Scott, Dianne Chandler, and A. E. Dugdale	555
Autoantibodies to Tamm-Horsfall protein in detection of vesicoureteric reflux and renal scarring. A. Fasth, L. A. Hanson, and A. W. Asscher	560
Evaluation of Vickers-Trexler isolator in children undergoing bone marrow transplantation. J. G. Watson, T. R. Rogers, S. Selwyn, and R. G. Smith	563
Porcine pancreatin as a source of salmonella infection in children with cystic fibrosis. A. Lipson and H. Meikle	569
Hepatic glycogen synthetase deficiency: definition of syndrome from metabolic and enzyme studies on a 9-year-old girl. A. Aynsley-Green, D. H. Williamson, and R. Gitzelmann	573
Salt-losing syndrome in 2 infants with defective 18-dehydrogenation in aldosterone biosynthesis. P. J. Milla, R. Trompeter, M. J. Dillon, D. Robins, and C. Shackleton	580

Short reports

Cause of death in tetanus neonatorum: study of 233 cases with 54 necropsies. R. Salimpour	587
Intestinal damage in rotavirus and adenovirus gastroenteritis assessed by D-xylose malabsorption. J. Mavromichalis, N. Evans, A. S. McNeish, A. S. Bryden, H. A. Davies, and T. H. Flewett	589
Hypoglycaemia in congenital adrenal hyperplasia. J. MacKinnon and D. B. Grant	591
Gastroschisis treated with lyophilized dura. I. S. Reid and G. Cummins	593
Book reviews	595

Original articles

Protracted diarrhoea in infancy: analysis of 82 cases with particular reference to diagnosis and management. V. F. Larcher, R. Shepherd, D. E. M. Francis, and J. T. Harries	597
Multistage scoring system for identifying infants at risk of unexpected death. R. G. Carpenter, Angela Gardner, P. M. McWeeny, and J. L. Emery	606
Natural history of childhood asthma: 20-year follow-up. H. Blair	613
Quality of survival after severe birth asphyxia. Alison J. Thompson, Margaret Searle, and G. Russell	620
Crohn's disease in childhood. D. P. O'Donoghue and A. M. Dawson	627
Hepatic scintigraphy in management of infants and children with liver disease. A. L. Smith, A. P. Mowat, and R. Williams	633
Elimination of pethidine and bupivacaine in the newborn. L. V. Cooper, G. W. Stephen, and P. J. A. Aggett	638
Calcified pituitary concretions in the newborn. A. J. Barson and J. Symonds	642
Hereditary coproporphyria and epilepsy. A. B. Houston, M. J. Brodie, M. R. Moore, G. G. Thompson, and J. B. P. Stephenson	646
Psychiatric disturbance, urgency, and bacteriuria in children with day and night wetting. I. Berg, Dorothy Fielding, and R. Meadow	651
<i>Short reports</i>	
Serum or urinary amylase estimations in children with acute abdominal pain. J. R. Sibert	658
Influence of continuous positive airways pressure treatment on ductus arteriosus shunt assessed by echocardiography. Gudrun E. Björkhem, N.-R. Lundström, and N. W. Svenningsen	659
Cystinotic rickets treated with vitamin D metabolites. P. Etches, D. Pickering, and R. Smith	661
Short stature with pigmentation. P. R. Evans	664
Correspondence	667
Book reviews	671

No. 9. SEPTEMBER 1977

Original articles

Long-term control of central nervous system leukaemia. Moira A. Gribbin, R. M. Hardisty, and Judith M. Chessells	673
Choice of antibiotics in management of acute osteomyelitis and acute septic arthritis in children. S. Nade	679
Early neonatal bacteraemia: comparison of group B streptococcal, other Gram-positive and Gram-negative infections. Heather Jeffery, Ruth Mitchison, J. S. Wigglesworth, and Pamela A. Davies	683
Serum complement depression during viral lower respiratory tract illness in cystic fibrosis. R. C. Strunk, O. F. Sieber, L. M. Taussig, and E. P. Gall	687
Yeast opsonization defect and immunoglobulin deficiency in severe infantile dermatitis (Leiner's disease). D. I. K. Evans, A. Holzel, and H. MacFarlane	691
Effect of blood transfusion in low birthweight infants. R. O. Robinson, M. Fujimura, P. Howat, and D. M. Salisbury	696
Increasing breast feeding in a community. K. S. Sloper, E. Eidsen, and J. D. Baum	700
Urinary continence in open myelomeningocele. R. J. Brereton, R. B. Zachary, and J. Lister	703
Diagnostic value of a psychological test in cases of suspected child abuse. D. C. Geddis, Irene F. Turner, and Janice Eardley	708
Anorectal myectomy in treatment of ultrashort segment Hirschsprung's disease: report of 26 cases. W. G. Scobie and G. A. Mackinlay	713
Circulating thyroid hormone levels in children. J. M. Corcoran, C. J. Eastman, J. N. Carter, and L. Lazarus	716
Determination of glomerular function in advanced renal failure. F. Manz, H. Alatas, W. Kochen, P. Lutz, W. Rebiel, and K. Schärer	721
Current topics	
Management of Hodgkin's disease in childhood. I. E. Smith and T. J. McElwain	725
<i>Short reports</i>	
Giant cell arteritis with gangrene in a child. G. McEnery	733
Assessment of gestational age in twins. D. L. Woods and A. F. Malan	735
A cot for metabolic studies. Helen Lewis	737
Polymyositis-like illness after acute asthma. S. J. Ilett, R. J. Pugh, and R. W. Smithells	738
Anaerobic infection in a neonate: early detection by gas liquid chromatography and response to metronidazole. S. Rom, D. Flynn, and P. Noone	740
Correspondence	742
Book reviews	746

Annotations

Thrush in infancy. R. F. Jennison	747
Bronchial provocation tests. J. O. Warner	750

Original articles

Role of infection in the death of children with acute lymphoblastic leukaemia. A. W. Craft, M. M. Reid, E. Bruce, J. Kernahan, and P. S. Gardner	752
Asphyxiating thoracic dysplasia: clinical, radiological, and pathological information on 10 patients. F. Oberklaid, D. M. Danks, V. Mayne, and P. Campbell	758
Lactose intolerance, detected by the hydrogen breath test, in infants and children with chronic diarrhoea. H. V. L. Maffei, G. Metz, V. Bampoe, M. Shiner, S. Herman, and C. G. D. Brook	766
Necrotizing enterocolitis: controlled study of 3 years' experience in a neonatal intensive care unit. G. L. Bunton, G. M. Durbin, N. McIntosh, D. G. Shaw, A. Taghizadeh, E. O. R. Reynolds, R. P. A. Rivers, and G. Urman	772
Intramuscular iron dextran and susceptibility of neonates to bacterial infections: <i>in vitro</i> studies. D. M. O. Becroft, M. R. Dix, and Keitha Farmer	778
Relation of maternal and cord blood serum ferritin. M. A. M. Hussain, T. H. Gaafar, Martine Laulicht, and A. V. Hoffbrand	782
Cardiac biopsy in childhood. E. H. MacKay, D. Pickering, and W. A. Littler	785
Diet and serum cholesterol: an Australian family study. Nancy E. Hitchcock and M. Gracey	790

Short reports

Candida species and yeasts in mouths of infants from a special care unit of a maternity hospital. K. M. Lay and C. Russell	794
Diabetes insipidus, diabetes mellitus, optic atrophy, and deafness: 3 cases of 'DIDMOAD' syndrome. Joyce E. Richardson and W. Hamilton	796
Pseudohypoparathyroidism: variable manifestations within a family. A. J. Williams, J. L. Wilkinson, and W. H. Taylor	798
Prostaglandin-induced diarrhoea. J. A. Dodge, I. Hamdi, and S. Walker	800
Association of fatal Coxsackie B ₂ viral infection and necrotizing enterocolitis. F. E. Johnson, D. M. Crnic, M. A. Simmons, and J. R. Lilly	802
Correspondence	804
British Paediatric Association	806
Paediatric Research Society	819
Book reviews	824

Annotation

Extrahepatic biliary atresia: recent developments in management. E. R. Howard and A. P. Mowat	825
---	-----

Original articles

Newcastle survey of deaths in early childhood 1974/76, with special reference to sudden unexpected deaths. Working Party for Early Childhood Deaths in Newcastle	828
Cerebrospinal fluid acid-base status and lactate and pyruvate concentrations after short (< 30 minutes) first febrile convulsions in children. H. Simpson, A. H. Habel, and E. L. George	836
Cerebrospinal fluid acid-base status and lactate and pyruvate concentrations after convulsions of varied duration and aetiology in children. H. Simpson, A. H. Habel, and E. L. George	844
Neurological complications of childhood leukaemia. R. H. A. Campbell, W. C. Marshall, and Judith M. Chessells	850
The place of radioisotopic lung function studies in paediatrics. S. Godfrey and Sheila McKenzie	859
Aural temperature of the newborn infant. D. Stratton	865
Limitations of diagnostic value of the sweat test. V. Schwarz, Naomi I. M. Simpson, and A. S. Ahuja	870
Nebulized sodium cromoglycate in young asthmatic children: double-blind trial. E. Joan Hiller, A. D. Milner, and W. Lenney	875
Bumetanide in heart failure in infancy. O. C. Ward and L. K. T. Lam	877
Gentamicin dosage in preterm and term neonates. B. M. Assael, V. Gianni, A. Marini, P. Peneff, and F. Sereni	883
Test meal for assessing intraluminal phase of absorption. J. P. K. McCollum, D. P. R. Muller, and J. T. Harries	887
Familial balanced translocation 4p+17q- as a suggested cause of primary trisomy-21 Down's syndrome. K. Oikawa, M. Trent, and R. Lebovitz	890

Short reports

Comparison between microscopic examination of unstained deposits of urine and quantitative culture. J. M. Littlewood, S. I. Jacobs, and C. H. Ramsden	894
Bladder emptying in neonates. J. Osborne, Gillian du Mont, Margaret Beecroft, and A. B. Ayres	896
Total intestinal aganglionosis: an autosomal recessive condition? A. E. MacKinnon and S. J. Cohen	898
Idiopathic late-onset immunoglobulin deficiency with associated defect in cell-mediated immunity. N. S. Lo, W. K. Sin, P. C. Ho, L. W. Mak, A. J. C. Buchanan, and J. W. M. Lawton	899
Lung function in children after repair of congenital diaphragmatic hernia. A. A. Kerr	902

Symposium report

Prevention of coronary heart disease starts in childhood	904
--	-----

Annotation

Measles and rubella vaccines. J. A. Dudgeon	907
---	-----

Original articles

Clinical, physiological, and psychological study of asthmatic children attending a hospital clinic. Mary Norrish, Marian Tooley, and S. Godfrey	912
Pressure and volume changes during the first breath of human neonates. A. D. Milner and R. A. Saunders	918
Diagnosis of acute bacterial pneumonia in Nigerian children: value of needle aspiration of lung and of counter-current immunoelectrophoresis. M. Silverman, D. Stratton, A. Diallo, and L. J. Egler	925
Hyperlipidaemia in children on regular haemodialysis. M. El-Bishti, R. Counahan, R. J. Jarrett, L. Stimmler, V. Wass, and C. Chantler	932
Mannosidosis: clinical and biochemical study. P. J. Milla, I. E. Black, A. D. Patrick, K. Hugh-Jones, and V. Oberholzer	937
Diagnosis of classical galactosaemia. A. M. Monk, A. J. H. Mitchell, D. W. A. Milligan, and J. B. Holton	943
Increased protoporphyrin in erythrocytes in a child with acute intermittent porphyria. Anita Gregor, Ewa Kostrzewska, Halina Prokurat, Zofia Pucek, and Emilia Torbicka	947
Concurrence of Graves's disease and Hashimoto's thyroiditis. T. Sato, I. Takata, T. Taketani, K. Saida, and H. Nakajima	951
Treatment of pneumatois cystoides coli by oxygen inhalation. A. E. Mackinnon, J. D. Frank, and P. Morris	956
Rifampicin therapy in shigellosis in infancy. Y. Naveh, P. Strahovsky, and A. Friedman	960
Organ mercury levels in infants with omphaloceles treated with organic mercurial antiseptic. D. G. Fagan, J. S. Pritchard, T. W. Clarkson, and M. R. Greenwood	962

Preliminary communication

Influence of the central nervous system on fetal lung development: experimental study. J. S. Wigglesworth, R. M. L. Winston, and K. Bartlett	965
--	-----

Short reports

Congenital renal abnormalities in the Laurence-Moon-Biedl syndrome. N. H. Bluett, C. Chantler, J. D. Singer, and H. A. Saxton	968
Acute pancreatitis as a complication of anaphylactoid (Henoch-Schönlein) purpura. J. A. McV. Garner	971
13q- syndrome: family study. A. Carmichael, D. P. Addy, W. R. Shortland-Webb, A. H. Cameron, and Islay C. S. Davies	972
Failure to thrive at the breast: an old problem revisited. T. J. Evans, and D. P. Davies	974
Retention of urine in the neonate possibly due to anticonvulsant drugs. M. I. Levene	975
Neurological complications of β -thalassaemia major. D. Sinniah, V. Vignandrea, and K. Ahmad	977
Scottish Paediatric Society	980
